

Rhythm RC Raceway Buggy Recommendations

2wd Stock Buggy

Kits:

- Team Associated B6.4 (soon to be superceded by B7)
- Schumacher LD3 (Available in carpet or stock spec version)
- XRay XB2 24
- Losi 22 5.0

* Note many cars come in both dirt and carper versions - Carpet highly recommended

Radios:

- Futaba
- Sanwa
- Flysky

* Radios vary in models and price - A radio with the ability to control multiple models is suggested

Electronic Speed Control (ESC):

- Tekin RS Stock Spec
- Tekin RSX
- Tekin RS Pro
- Hobbywing XR10 Pro
- Hobbywing XR10 Just Stock
- Hobbywing XR10 Pro Stock Spec

Motor (17.5t)

- Tekin Spec R2 gen 4
- Hobbywing 17.5 Xerun V10 G4
- NOTE: There are multiple brands of motors available and the "hot" motor is always changing. A sensored motor is highly recommended.

* Most ESC's and Motors can be purchased as a combo which can save on your overall purchase

Servo:

- Full Size - Stronger and adds weight to the front to aid in steering but comes at the cost of added weight.

- Tekin T190
- Protek 170SBL
- Savox SC1267TG
- Shorty Servo
 - Tekin T180
 - Protek 160TBL
 - Savox SB2263MG

Batteries - 2S LIHV battery suggested. Usually in stock classes look for a full size shorty battery >5,000 mah.
